KOMAKI[®] Venice

Power Equivalent of a 125cc Class

Equipped with same powertrain performance to 125cc class, Komaki Venice is genetically-wired to a more efficient roaming.

Free The Limitation

Better motor output for you to break the boundaries. Turn it up, speed it up, gain more while you go further.

Superior Suspensions

A pair of thicker, more robust front rear suspensions, coupled with custom dampening controls, provide the comfort in speed so you can take on anything.

CBS Double Disc

Also found in heavy duty motorcycles, the Double Disc brake system monitors the front and rear wheel CBS double Disc at a frequency of 200 times per second to prevent an imminent wheel lock. Weighs only 580-gram, this device balances performance & safety in all riding situations
